

Immediate Course Vacancy

Management of Emergency Medical Services (R0150)

October 31, 2022 – November 11, 2022

National Fire Academy

(Click for information on the National Fire Academy)

Emmitsburg, MD

This 10-day course focuses on supervisory management practices as they relate to Emergency Medical Services (EMS). This interactive and fast-moving course will enable participants to deal more effectively with day-to-day management issues that supervisory-level managers are likely to encounter.

Some of the major components include:

- Personnel
- Resource management
- Quality improvement techniques

Upon completion of this course, the students will be able to enhance the quality and overall effectiveness of their EMS operation, through the use of management techniques.
