Course Description:

This one-day training course is designed for Emergency Medical Services and Medical Health Care providers who have awareness level training on radiological/nuclear emergency response. This course will provide further understanding into the EMS response component to radiological/nuclear accidents and Radiological/Nuclear Weapons of Mass Destruction (WMD) incidents. The course will continue to prepare providers with additional response knowledge related to radiological/nuclear threats, protective measures for both patient and care giver, and basic post incident recovery processes.
