Re: **WVEMS Drug Box Exchange Process – Sovah Health Danville & Martinsville**

---

**Effective Immediately, Sovah Health Danville and Martinsville will be fully transitioning to facility assigned WVEMS Drug Boxes and will not accept WVEMS Drug Boxes other than these agencies below.**

**The following agencies will be assigned to Sovah Health Danville:**

• Danville Lifesaving Crew	• Mount Hermon Volunteer Fire & Rescue
• FAB's Family Transport	• Ringgold Volunteer Fire Department
• Brosville Community Volunteer Fire Department	• Blairs Volunteer Fire & Rescue
• Cascade Volunteer Fire Department	• Pittsylvania County Medic 3
• Bachelor's Hall Volunteer Fire Department	• Mount Cross Volunteer Fire & Rescue
• Tunstall Volunteer Fire Department	

**The following agencies will be assigned to Sovah Health Martinsville:**

• Bassett Rescue Squad	• Blue Ridge Volunteer Rescue Squad
• Fieldale-Collinsville Rescue Squad	• CCDF Volunteer Fire Department & Rescue Squad
• Ridgeway District Rescue Squad	• Jeb Stuart Rescue Squad
• Henry County of Public Safety	• Patrick County Fire and EMS
• Martinsville Fire & EMS	• Smith River Rescue Squad
• Ararat Rescue Squad	• Vesta Rescue Squad

Unfortunately, no other agencies other than those listed above will be permitted to exchange WVEMS Drug Boxes at Sovah Health Martinsville & Danville and will be required to exchange at another WVEMS Regional Hospital. Should any of the agencies above transport to another facility and a WVEMS Drug Box is utilized, that box will have to be returned to its assigned facility.

While we understand this may not be ideal, it was an agreement made between WVEMS and Sovah Health to continue to participate in the WVEMS Drug Box exchange program.

Should you have any questions please email [wvpharmacy@vaems.org](mailto:wvpharmacy@vaems.org)

We appreciate your patience and cooperation.
